Only **48%** of people leaving full time education have the right digital skills. Businesses that adopt digital solutions are up to **25%** more productive. The lack of digital skills costs the UK economy around **£63 BILLION** annually in lost productivity.

THIS IS WHY WE NEED MORE TECH SPECIALISTS.

THERE ARE MANY PATHWAYS INTO DIGITAL AND TECH JOBS.

T LEVEL: Digital Production, Design and Development

T LEVEL: Digital Support Services

T LEVEL: Digital Business Services

APPRENTICESHIPS AND DEGREE APPRENTICESHIPS DEGREES AND GRADUATE SCHEMES

DIGITAL SKILLS WILL CONTINUE TO BE IN HIGH DEMAND IN THE FUTURE SO WHY NOT CONSIDER A CAREER IN ONE OF THE UK'S FASTEST GROWING SECTORS

The UK is home to more 'unicorns' (**£1 BILLION TECH START-UPS**) than France and Germany combined

The UK is a world leader in **FINTECH**, which enables financial and banking services

21.6% of all job ads in the IT sector are advertised as remote roles

Tech skills are in demand in every area of the economy, for example the NHS is undergoing digital transformation and needs more digital specialists.
