Y11 LMI Lesson Plan

Lesson Duration: 20-40 minutes

CDI Framework KS4:

- Developing yourself through careers, employability and enterprise education
- Learning about careers and the world of work
- Developing your career management and employability skills

Be able to find relevant labour market information (LMI) and know how to use it in your career planning.

Show how you are developing the qualities and skills which will help you to improve your employability, including online presence.

Build your personal networks of support including how to access and make the most of a wide range of impartial face-to-face and digital careers information, advice and guidance services.

Review and reflect on previous transitions to help you improve your preparation for future moves in education, training and employment.
