What is the Oxfordshire Local Industrial Strategy?

The Oxfordshire Local Industrial Strategy details the actions that Oxfordshire will need to take in order to achieve economic growth and productivity. It is a comprehensive package of measures that will help to drive Oxfordshire's economy forward.

What else do businesses need to know about the Oxfordshire Local Industrial Strategy?

We are creating a highly-ambitious Local Industrial Strategy that can also be referred to as the Oxfordshire Economic family. The Local Industrial Strategy aims to deliver a highly productive economy, which will support high-growth businesses to expand rapidly and attract wealth fund investment.

What does the Oxfordshire Local Industrial Strategy offer?

The Oxfordshire Local Industrial Strategy offers a number of benefits, such as:

- A framework for businesses to develop and grow
- A long-term vision for economic growth
- A focus on innovation and research
- A focus on skills and training
- A focus on infrastructure and transport
- A focus on internationalisation

The Oxfordshire Local Industrial Strategy is designed to support businesses in Oxfordshire to grow and thrive, and to ensure that the economy is resilient to future shocks.

How is Oxfordshire Local Industrial Strategy being implemented?

The Oxfordshire Local Industrial Strategy is being implemented through a range of initiatives, including:

- Establishing the Oxfordshire Growth Board
- Establishing an Inclusive Growth Commission
- Establishing a Health and Wellbeing Foundation
- Establishing a data and mobility living lab
- Establishing a clean growth living lab
- Establishing an Oxfordshire Finance Hub
- Establishing an Oxfordshire Entrepreneur Hub
- Establishing a Skills Advisory Panel
- Establishing a ‘Connecting Globally’ Internationalisation Plan
- Establishing a data and mobility living lab
- Establishing a clean growth living lab

These initiatives are designed to support businesses in Oxfordshire to grow and thrive, and to ensure that the economy is resilient to future shocks.
