

MEET REBECCA SAMMONS

PROJECT COORDINATOR

FOR PINEWOOD STUDIOS

This role involves a good mix of working at a desk and being on your feet.

My tasks include raising and keeping track of orders, sorting out access requests and contractor permits, and booking people in.

I am proud of how much knowledge I have acquired already in this role, and the fact that my team is keen to see me grow.

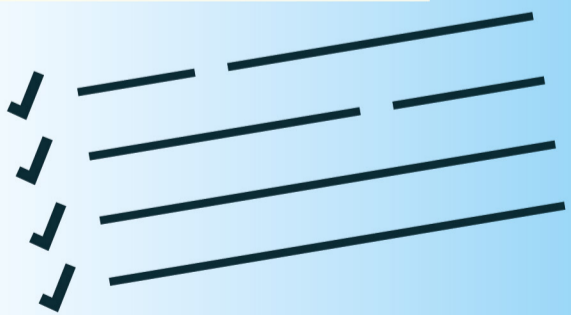

I ENJOY BEING ABLE TO LEARN NEW THINGS.

The next step for me is an apprenticeship to become a junior project manager and eventually a project manager.

I HAVE TO KEEP UP WITH THE FAST PACE THAT THE JOB BRINGS.

Another challenge is prioritising what's important when I have a lot to achieve in a day.
