

MEET REEF HILLARY

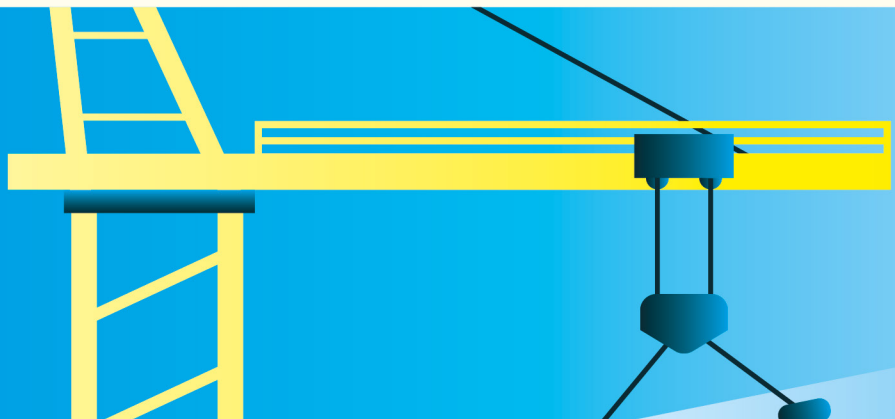

ASSISTANT QUANTITY SURVEYOR

AT MORGAN SINDALL CONSTRUCTION

Since starting, I have worked on four different projects and been promoted to an assistant quantity surveyor.

One of the best things about my role is when I resolve issues that require careful review and engagement with the team around me.

Following my A Levels, I took a year and a half out to work full time. In this period, I researched various careers and found that quantity surveying was well suited to my abilities.

I AM AIMING TO BE FULLY QUALIFIED SO I CAN MANAGE MY OWN PROJECTS.

My responsibilities include controlling costs on live projects and managing the payment process for the packages I am responsible for.

A LEVELS

WORK + CAREER RESEARCH

INTERVIEWED FOR FIRST ROLE

STUDYING FOR A DEGREE

HOW REEF GOT HERE.

The biggest challenge of the role is balancing time constraints and workload with new issues that arise.
