

OxLEP sub-group terms of reference Innovation sub-group

The Innovation Group is charged by the OxLEP Board with developing a strategic and coordinated approach to innovation activities, which support and drive forward Oxfordshire's economic growth ambitions as articulated in the Strategic Economic Plan.

It will promote countywide innovation activities and oversee the implementation and delivery of the OxLEP Innovation Strategy and will focus on three critical objectives:

1. Position the Oxfordshire ecosystem as the global leader for innovation;
2. Accelerate connections, partnerships and joint ventures between academia and business; and
3. Position Oxfordshire as a natural partner for Government to take forward policy objectives for the Industrial Strategy; Science and Innovation Audit and Research & Development.
